## INTRODUCTION

---

# WELCOME!

Thank you for buying this product. It is the result of a great deal of hard work and careful thought, and we hope that it will give you many hours of enjoyment.

We are proud of our games, but we know that they can never be perfect. If you have any ideas about how we can improve, we would be delighted to hear from you. Please take the time to fill out the enclosed registration card. We can then add you to our mailing list, and keep you informed of new products and special offers as they come out.

Please read the file on your game disk entitled README.WRI for information on changes made and additional features added to the game after this manuscript went to press.

## GAME INSTALLATION

The **Space Bucks** installation program will automatically copy a portion of the game to your hard drive. The installed portion will then access information from the game CD as needed, so you must have the CD in your CD-ROM drive while you play. This game is designed to be installed from Windows 3.1, but is also compatible with Windows '95.

### WINDOWS 3.1 INSTALLATION

1. Insert the **Space Bucks** compact disc into your CD-ROM drive.
2. Start Windows, if the program is not already running.
3. Click on **File** and select **Run**.
4. On the command line, type the letter of your CD-ROM drive, followed by : \SETUP. For example, if the letter of your CD drive is "D", you would type "D:\SETUP" (without the quotes) and then press the Enter key.

5. Follow the on-screen installation instructions. The Sierra installation program will test your system to make sure you have everything needed to run **Space Bucks**, then create the directory SIERRA/SBUCKS, install the game files, and create a program group and game icon.
6. After the game is installed, you will have the chance to read the "Readme" file. This file will provide you with information on changes and additions made to the game after this document went to press.
7. To play **Space Bucks**, double-click on the game icon.

### WINDOWS '95 INSTALLATION

1. Insert the **Space Bucks** compact disc into your CD-ROM drive. An Autoplay box will appear on your Windows Desktop. Select the option to install and follow the on-screen instructions.
2. To play, insert the **Space Bucks** compact disc into your CD-ROM drive and click on the "Run" button.
